## **PROCEDURE OF THE HOLDERNESS TOWN MEETING - MARCH 5, 1974**

At a legal meeting of the Inhabitants of the Town of Holderness, qualified to vote in Town affairs, and held in the Town House of said Holderness, March 5, 1974, at 10 o'clock in the forenoon the following business was transacted. The sealed ballot boxes for the Town, the School, and the Constitutional Convention were delivered to the Moderator, Mr. Laurence Roberts, by the Town Clerk. They were opened by the Moderator and the ballots were counted by clerks under his supervision and that of the Town Clerk. At 10.14 A.M. the Moderator called the meeting to order and read the articles of the warrant. The polls were declared open at 10.19 A.M. and were closed at 6:00 P.M. All ballots were counted by the ballot clerks with the following results:

Total Ballots cast: 372

Names on checklist: 714

### **For the Town**

Town Clerk — Gertrude L. Eisner  
Town Treasurer — Joseph Carvelli  
Selectman for 3 years— Charles L. Currier  
Tax Collector — Bernice Shields  
Library Trustee for 3 years — Evangeline W. Dana  
Overseer of Town Welfare — Laura M. Heath  
Superintendent of Cemeteries — Lyle Thompson  
Trustee of Trust Funds for 3 years — Charles J. Ayer II  
Fire Wards — James L. Cripps, George S. Richards, Paul E. Whitman  
Constable — Lyle Thompson

### **For the School**

Moderator — Laurence H. Roberts Jr.  
Clerk — Ann L. Noyes  
Treasurer — Joseph A. Carvelli  
Member of School Board for 3 years — Edward Wentzell

## **DELEGATE TO THE CONSTITUTIONAL CONVENTION**

**Malcolm Taylor III**

The opening of the Town Meeting was delayed 15 minutes to permit completion of ballot counting. At 7:45 P.M. Mr Roberts opened the meeting and read the entire warrant. Then, under Article 1 he read the results of the balloting for town, school officials and for delegate to the Constitutional Convention.

Article 2. to accept reports of town officers. Vote in the affirmative.

Article 3. to raise and appropriate \$100 for the New Hampshire Humane Society Vote was in the affirmative.

Article 4. To raise and appropriate \$500 for the Sceva Speare Memorial Hospital. Vote in the affirmative.

Article 5. To raise and appropriate \$1,000 for the Pemi-Baker Home Health Agency. Amended by Mrs. Wolf to read \$1,048.00. Amended article was voted in the affirmative..

Article 6. To see if the Town will vote to authorize the Town Clerk to add names to the check list and present them to the Supervisors of the check List. Vote by show of hands. Motion defeated.

Article 7. To see if the Town would accept a gift of land from the Science Center. Moved to table until Article 9 was heard. Vote to table article was in the affirmative.

Article 8. To see if the Town would appropriate \$16,000 for a new town truck and sander and to make alterations to the existing truck to enable the Town to plow snow on all town roads. Article amended to read: To see if the Town will vote to appropriate the sum of \$16,000 for the purchase of a new town truck and sander, and to make alterations to the existing truck to enable the Town to plow snow on all Town roads, said sum to be paid as far as possible out of funds received or to be received by the Town from the Federal Revenue Sharing Trust Fund under the State and local Assistance Act of 1972. Vote by show of hands was in the affirmative.

Article 9. To see if the Town will vote to appropriate \$18,000 for necessary repairs and improvements to preserve the old Town Hall, said sum to be raised by borrowing on the credit of the town through the issuance of a note or notes of the Town under the Municipal Finance Act RSA 33.8. Amended as follows: To see if the Town will vote to appropriate the sum of \$40,000 for necessary repairs and improvements, including offices, in and to preserve the old Town Hall, \$9,000 of said sum to be from the Capital Reserve . Fund established at the 1973 Town meeting with Federal Revenue Sharing Trust Funds received under the State and Local Fiscal Assistance Act of 1972, and the balance of said sum to be raised by borrowing on the credit of the Town through the issuance of a note or notes of the Town under the Municipal Finance Act, RSA 33.8, provided that said sum shall be expended by the Selectmen only after a five man building committee, appointed within 10 days of the date of the adoption of this Article, shall have conducted such studies as they deem proper, shall have prepared detailed plans for said repairs and improvements, shall have held two public hearings of which notice is posted and published and shall have considered all suggestions made at said hearings before said plans are submitted to the Selectmen for the letting of a contract. Vote was by written ballot. Vote was in the affirmative.

The meeting then returned to Article 7. Vote to table indefinitely was in the affirmative.

Article 10. To see if the Town will vote to raise and appropriate \$1900 for renovation of the Town Library. Vote in the affirmative.

Article 11. To see if the Selectmen may accept for the Town such financial aid as the Town is or may be entitled to receive from the Federal Disaster Assistance Administration was voted in the affirmative.

Article 12. To see if the Town will authorize the Town Treasurer to transfer to the Town Conservation Trust Fund the unexpended balance of funds appropriated for the Conservation Commission in 1974. Vote in the affirmative.

Article 13. To see if the Town will authorize the Selectmen to investigate a program to provide a Town tax map, such program to be presented to the voters for approval. Vote in the affirmative.

Article 14. To see if the Town will authorize the Selectmen to borrow in anticipation of taxes. Vote in the affirmative.

Article 15. To see if the Town will authorize the Selectmen to dispose of real estate acquired by the Town by Tax Collector's fee. Vote in the affirmative.

Article 16. To see if the Town will vote to make any alterations in the amount of money to be raised and appropriated for the support of the Town as recommended by the Budget committee. Amended by Police Chief Frizzell to add \$3500 to the Police Dept. in addition to the \$20,000 recommended. Amendment seconded by Mr. Frank Webster. At this point a motion was made by Mr. Harrison, selectman, to recess the meeting. Motion seconded. Moderator declared a recess. Date of continuance to Town meeting determined to be March 12, 1974.

### **March 12, 1974**

The Moderator opened the meeting at 7:30 in the afternoon in the Town Hall. He read amended Article 16. Vote on amended article was by ballot. Vote in the affirmative.

Article 17. Dr Staples offered a vote of thanks to Mr. Malcolm Taylor for his service to the town as Selectman. Mrs. Taylor moved a vote of thanks to Richard Gordon for his 19 years as Town Treasurer. Mr. Webster commended Dr. Staples for his work on the Planning Board. Mr. Flint suggested a letter of thanks to the Science Center. Mr. Frizzell suggested a moment of silence for George Plant, and a hand for Mr. Keeney for his service as part time patrolman. Meeting was then adjourned.

A True Record: Attest

GERTRUDE L. ELSNER  
Town Clerk

## THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the Town of Holderness in the county of Grafton and State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said Holderness on Tuesday, the fourth of March, next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects, the second and subsequent articles to be acted upon commencing at seven-thirty o'clock in the afternoon of the same day:

Article 1: To choose all necessary town officers.

Article 2: To accept the reports of all town officers.

Article 3: To see if the Town will vote to raise and appropriate the sum of \$100.00 for the support of The New Hampshire Humane Society.

Article 4: To see if the Town will vote to raise and appropriate the sum of \$500.00 for the support of the Sceva Speare Memorial Hospital.

Article 5: To see if the Town will vote to raise and appropriate the sum of \$1,175.00 for the support of the Pemi-Baker Home Health Agency.

Article 6: To see if the Town will vote to raise and appropriate the sum of \$200.00 for the Town Health Fund.

Article 7: To see if the Town will vote to authorize the Selectmen to apply for, contract for, and accept on behalf of the Town such financial aid as the Town may now be entitled to receive or hereafter become entitled to receive from the Federal Disaster Assistance Administration.

Article 8: To see if the Town will vote and appropriate the sum of \$5,400.00 to complete the Town office construction.

Article 9: To see if the Town will vote to expend the sum of \$6,000.00 from the Capital Reserve Fund established in 1972 for the furnishing of the new town offices and conference room.

Article 10: To see if the Town will vote to raise and appropriate the sum of \$18,000.00 to purchase a new town truck and to equip said truck with frame, plow and wing, for winter plowing; said sum to be paid out of current taxes.

Article 11: To see if the Town will authorize the selectmen to establish a committee for the purpose of investigating the feasibility of constructing a new town shed and presenting this recommendation to the next Town Meeting or Special Town Meeting called for that purpose.

Article 12: To see if the Town will vote to establish a Capital Reserve Fund as authorized by RSA Chapter 35, to finance the cost of a town tax map, as ordered by the Legislator, and a complete re-assessment of the Town as ordered by the Department of Revenue Administration.

Article 13: If Article 12 is voted in the affirmative, to see if the Town will vote to transfer to said Capital Reserve Account, established by Article 12, any sums remaining in the Capital Reserve Account established in 1972 after the payment of any appropriations from said 1972 account previously authorized, or authorized by the 1975 Town Meeting.

Article 14: If Article 12 is voted in the affirmative, to see if the Town will vote to transfer to said Capital Reserve Fund established by Article 12, such additional sums from the Federal Revenue Sharing monies received, or to be received by the Town, under the State and Local Assistance Act of 1974, as will fund said Capital Reserve Account at \$25,000.00.

Article 15: If Article 12 is voted in the affirmative, to see if the Town will vote to authorize the Selectmen to expend monies from said Capital Reserve Fund established by Article 12. for the purpose thereof.

Article 16: To see if the Town will vote to prohibit the plowing of the private driveways of Town officials.

Article 17: To see if the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

Article 18: To see if the Town will vote to authorize the Selectmen to administer, lease, rent, sell and convey or otherwise dispose of any real estate acquired by the Town by any Tax Collector's deed.

Article 19: To see what action the Town will vote to take concerning the use of the old Selectmen's Office in the Town Hall. (By Petition).

Article 20: To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the construction of retaining wall and completion of fill in the public parking lot between the Holderness Community Church and the Holderness Fire Station on Route 3. (By Petition).

Article 21: To see if the Town will vote to raise the salaries of the Selectmen to \$1,000.00 per annum; each effective for the 1975 fiscal year, in view of additional burdens and the much more complex administration of town affairs now imposed. (By Petition).

Article 22: To see what action the Town will vote to take toward the future disposal of its solid waste, in order to comply with the July 1, 1975 no-burn deadline, including the alternatives of sharing the Ashland land fill and/or the Plymouth disposal incinerator or any other legal alternatives as decided. (By Petition).

Article 23: To see what sum of money the Town will vote to raise and appropriate to defray the costs of operating the Fire Department.

Article 24: To see if the Town will vote to make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the Town, as recommended by the Budget Committee in its report; to raise and appropriate all sums so determined; and to pass on any other vote relating thereto, not previously acted on in a prior article.

Article 25: To see if the Town will vote to participate in the National Flood Insurance Program and to direct the Selectmen or a committee selected by them, to hold public hearings thereon and to hold a Special Town Meeting for the purpose of voting on the necessary rules, regulations and ordinances in connection therewith.

Article 26: To see if the Town will vote on insurance for Town officials and employees.

Article 27: To see if the Town will vote to authorize the Selectmen to accept grants from the State of New Hampshire or the United States Federal Government.

Article 28: To transact any other business that may legally come before the meeting.

Given under our hands and seals this 15th day of February in the year of our Lord nineteen hundred and seventy-five.

\*Total estimated "Revenues from all sources except Property Taxes" deducted from Total "Appropriation recommended by Budget Committee" gives estimated "Amount to be raised by Property Taxes," exclusive of County and School Taxes.

**FROM THE SELECTMEN'S OFFICE:**

**ASSESSING:**

This Office has been recently notified that the Town will not be re-assessed until after September of 1975.

**ARTICLES IN WARRANT BY SELECTMEN:**

Requesting \$5,400. to complete Town Office Construction. This money to be raised by taxes.

Requesting \$6,000. be released from the Capitol Reserve Fund established in 1972 for Town Offices and the equipping thereof.

Requesting \$18,000. to be raised by taxes for the purchase of the second truck for winter plowing. This truck to be equipped with a new plow, wing, wing-box, and frame.

Requesting that the Town establish a new Capitol Reserve Fund of \$25,000. for a Tax Map and the Re-assessing of the complete Town. This money to be taken from current monies on hand and monies to be received from the Revenue Sharing Act.

Requesting a Committee be appointed to investigate the feasibility of constructing new Town Sheds. This Committee would recommend a site, plans, and cost figures to be reported at the next annual meeting or a special meeting called for that purpose.

Requesting that the Meeting express their opinion with regards to this Town applying for Flood Plain status for the purpose of obtaining flood insurance coverage.

Requesting the Meeting to express an opinion on the future plowing of town officials private driveways.

Recently the Auditors from the Dept. of Revenue Administration recommended that the Board of Selectmen review RSA Chapter 41 with particular attention to Duties and Responsibilities and the preservation of Town Records. It was explained that unless a portion of the Town government was organized into a District such as a School District, or a Sewerage District, then "The Selectmen shall" be held responsible for all monies received and all monies spent. It was further indicated that the Selectmen will be held solely responsible for all vouchers and the accounting of all transactions in behalf of the town. It further states that a proper place shall be provided for these Records.

The Selectmen now feel that with the new Town Offices, and the fireproof vault, that these recommendations should be followed.

The Selectmen wish to thank all who have helped with the Town Offices, particularly the Committee for their help and Mrs. Bea Flint for the beautiful mural in the Town Clerk's Office and the picture for the cover of this year's Town Report. Also a thanks to all of the Town Officials and Town Employees for their fine cooperation throughout the year.

Selectmen  
Steven Harrison, Chairman  
Charles Currier  
John Putnam

### HOLDERNESS FREE LIBRARY

---

Libraries exist to bring together books and people. Ours is a friendly library, where all members of a family may choose books to take home. We try to provide good books that people enjoy and to encourage children to develop good reading habits.

Given access to the library, children will use it more than any other group. We must continue to supply the best in children's reading.

We appreciate all the improvements at the library this year. There have been many new people visiting our library. Readers are borrowing more books. Measurers have been taken to simplify routine and not expand staff.

As we look at new goals for the coming year, we hope to provide service that represents the interests of all the community.

Thanks are due the TRAPPER BROWN CONSTRUCTION CO., INC., for their thoughtful donation of Book Marks for the use of the Library patrons.

LUCILLE M. HALL  
Librarian

### SEVENTH ANNUAL REPORT OF THE

### HOLDERNESS CONSERVATION COMMISSION

#### SOILS MAPS:

The commission's biggest accomplishment in 1974 was aiding in the completion of the detailed soils analysis of the town. This was presented to the townspeople December 5th at a public hearing in the fire station with over fifty in attendance. Such enthusiasm, we feel, is evidence of the growing concern for protection of our town's natural resources upon which so many incomes depend.

Technicians of the U.S. Soil Conservation Service from the Woodsville office will continue to work with and advise this commission as we face future land use decisions. Soils information will also help the planning board, health officer and selectmen in their work.

It took over 18 months to explore and map the 23,615 acres in Holderness, one-seventh of which is water area. The public is encouraged to use these data and maps as well. Soon all the information gathered will be easily accessible to residents, developers, property owners and anyone else interested in the town's soil base.

#### **YOUTH CAMP:**

This year's Holderness youth to attend Spruce Pond Conservation Camp in Allenstown was James A. Hayes who lives on Route 175 at Hard Hack Corner. Jim, a Plymouth AREA High School student, has long been interested in conservation and natural systems and very ably represented the town during the one week session. Applicants must be at least 14 and going into the 9th grade.

#### **RECYCLING:**

"Operation Bottleneck", our glass recycling project at the town dump, continues under the direction of Commissioner Derwood Corbett. He is assisted by whatever volunteer help is available at the time. In 1974, almost \$200 was collected on the sale of glass cullet. The commission now does business with Recycling Services, Inc. in Worcester, Mass. They pick up our barrels and pay 1/2c per pound. New Hampton's conservation commission has asked if we would be interested in going into a bulk operation with them and Bristol if arrangements could be made.

#### **TOWN FOREST:**

The commission is still attempting to contract with the U.S. Army Reserves to reclaim and stabilize the gravel pit area of the Town Forest on Beede Road. But "red tape" and a heavy workload on the Reserves hasn't allowed them to come to Holderness yet.

But we did manage to have the forest cruised by state and county foresters as reported in last year's annual report.

#### **FLOOD INSURANCE:**

In order for homeowners and businessmen on the interval to obtain flood insurance or loans, Holderness must join the federal Flood Disaster Protection Act (P.L. 93-234). This includes adoption and enforcement of a building code, traditionally not a very popular subject. Building codes and flood plain zoning are outside the scope of our activities. But the new soils maps, in conjunction with elevation data, will assist other town officials in delineating flood prone areas. The commission plans to help in this regard.

#### **TOWN DUMP:**

State law prohibits the open burning of any town dump after July 1, 1975. If a community is making an honest effort to solve its dump problems a six-month extension is possible.

In 1968 the commission was asked to look into phasing out the existing dump on Lamb Swamp in East Holderness. This led to meetings between area towns with similar problems. Then a landfill method was suggested which brought into focus the need for

soils data. A special dump committee was formed to zero in on details leading to using another town's already established facility. They reported at the 1972 town meeting on their "negotiations" with Ashland. Now Plymouth is talking about taking in other towns in order to help them pay off their new high-heat incinerator. And the commission still feels recycling is an important element in planning solid waste disposal. Under this continuing burden we are attempting to come up with further information by Town Meeting, 1975. Time is running out!

Respectfully submitted,  
Richard L. Currier  
James Cripps  
Hollis Willoughby  
Derwood Corbett  
Almon Bushnell  
"Tink" Taylor, Chairman

## **ANNUAL REPORT OF THE HOLDERNESS PLANNING BOARD-1974**

The 1974 Holderness Planning Board report will in part duplicate some of the items contained in the 1973 report, some of which endeavors are still in progress, while others have been completed.

The HOLDERNESS PLANNING BOARD has held sixteen evening meetings this past year, twelve of which have been combination Public Hearings & Regular Business Sessions. Some 19 subdivisions have been before the Board this past year. Most of the smaller subdivisions are cared for in one or two sessions, while some of the larger ones become almost "continuous items." Some of these subdivisions remain as "continuous" agenda items because of the failure, and unwillingness on the part of the developer to comply with the subdivision regulations.

The Holderness Planning Board believes that it has been given the responsibility of certain duties to perform, one of which is NOT to approve a subdivision unless and until the requirements of the subdivision regulations has been compiled with. All of which is for the best interest of the Town economically, and for the welfare of those who reside here.

It is becoming more & more apparent, as growth & development occur, that the Town is fortunate indeed to have Subdivision Regulations. Yet they are only applicable in certain areas, indicating a great need for other measures to be formulated and accepted in order to guide development, and thus protect and preserve the natural resources, which are ours to wisely use, enjoy and preserve for those who will come after us.

This past year has been a very busy one for the Board, and some of the plans that were mentioned in the last Annual Report, alas have not been accomplished. Plans are currently under way to present to the voters for study & consideration the so-called Emergency or Temporary Zoning & Planning Ordinance, mentioned a year ago. As previously stated, this measure can only be utilized for a limited time (two years) thus giving the Town an opportunity to **try out** for a limited time those measures that afford some protection for orderly growth. During that period, measures that are more pertinent to Holderness alone could be formulated, and receive consideration by the Townspeople.

During the sixteen meetings that have been held this past year, the Planning Board's endeavors have been so absorbed with the review and study of proposed subdivision plans

and public hearings with the abutting land owners and developers, that it has not been possible to give sufficient consideration to this emergency zoning & planning ordinance. Perhaps we should have held twenty or more meetings instead of sixteen, but that seems difficult to arrange.

In order to keep abreast of new legislation and become better acquainted with measures that are not new, the Chairman of the Planning Board has participated in several Planning Workshops and Seminars this past year (at his own expense). One was a college semester course entitled "Soil Analysis and Community Planning Workshop" which was two hours weekly for 12 weeks.

Another was a two day seminar on "Land Use" at the University of New Hampshire at Durham. He has also attended about 18 afternoon & evening seminars or field sessions on Solid Waste Disposal, Incineration, Federal Flood Insurance Program, Stream & Water Quality Studies, etc. If one wants to experience a most interesting & stimulating session, and one that any citizen would find advantageous, is a day trip to view the Solid Waste Disposal Plant for the little Town of Nottingham, a town about the size of Holderness. The citizens there separate their trash, delivering at the disposal plant their waste paper, which is bailed, glass is brought in separate containers and is then crushed and barrelled. Tin and other metals are crushed & boxed, while the garbage is brought in plastic bags which attendants place in a very efficient incinerator. The paper, glass & metal are sold, lessening the waste disposal cost to the town by about 50%. Plymouth is planning to undertake such a project in the near future. Holderness is supposed to find other means than it's present dump to care for it's solid waste after July 1st, 1975. A continuance of the trip to Nottingham to visit the solid waste disposal plant at the University of New Hampshire, and the incinerator at Durham would also be enlightening.

It is not only new legislation and regulations that need to be "learned", but sometimes there are beneficial old laws on the books of which one may be unaware. Such was the case in Holderness with Class VI roads. Class VI roads are roads that have not been used by the public, or maintained by the Town for five or more years. A New Hampshire Town is not supposed to use any of its road appropriation moneys to repair or maintain such roads. State &/or Federal Road Aid cannot be used on such roads. Repairing or rebuilding such Class VI roads must be done at the expense of who ever is going to benefit from them. Knowledge of this law can save the tax payers considerable money in the future. Copies of this law are now in the Town Records and the tax payers are now being saved considerable money, or it will be put to better use. This information was discovered through the Planning Board Chairman's contact with the Lakes Region Planning Commission.

Last year, as a part of the Planning Board's Annual Report, planning Board finances were discussed. A brief summary of these figures for 1974 should be of interest. Planning Board finances are kept in two categories, #1, those expenses incurred for routine operating expenses, and #2, those expenses incurred through the implementation of subdivision regulations, which figures need to be balanced against income from the application for subdivision approval fees. These fees are turned over to the Town Treasurer, and often "lost" in the General Funds! The Implementation expenses for 1974 were \$230.44. The Town received an income of \$247.25, making a Profit to the Town of \$16.81, which is 12 cents less than the "profit" last year.

In category #1, the Town appropriated \$175 for Planning Board operating expenses. Actual money spent was \$112.57, leaving an unexpended balance of \$62.43. This latter unexpended balance occurred because of the number of subdivision administrative

reviews, the Board has not yet finalized the printed forms & data which lists the various steps and information needed to acquaint the developers with the several steps and procedures to be followed in complying with the subdivision regulations, and state requirements, and the recording of those procedures. These forms & lists are approaching readiness for printing. This item was included in last year's budget.

Mr. Lawrence Flint, and the Planning Board Chairman, Dr. Lawrence Staples, represent Holderness in the Lakes Region Planning Commission, an organization composed of 22 Towns in the Lakes Region. The Commission has two meetings each month, one an executive Committee meeting (Mr. Flint is a member of the Executive Committee) and one meeting of the full Board, the representatives from the 22 Towns. These latter meetings are held in one of the member towns, making traveling a considerable distance necessary on some occasions. Last December there was a meeting in Brookfield, a distance of 51 miles from Holderness, on a wet snowy night, when slipping & sliding over steep hilly country in 2nd gear used up plenty of gasoline, and readily kept one from going to sleep at the wheel.

Amongst the many regional activities of the Lakes Region Planning Commission the following should be of special interest to the Town of Holderness:

The final report of the Metcalf & Eddy Survey of Solid Waste Disposal situations confronting the 22 towns in the Lakes Region, was published in late January, 1974. Methods & costs for several plans were given and recommendations suggested. These included plans & costs for the individuals towns, should they choose to "go it alone", also survey figures if one or more towns joined together in a single project, with one of the towns as the receiving "host" Soil and other studies indicates that it would be difficult (or impossible) to find 25 or 30 acres of suitable land in Holderness for a sanitary land fill. Cost figures showed a probable savings of over 30% if Holderness joined with Ashland, using their operation already in progress.

During the past summer surveys were instituted in the Squam Lakes & Newfound Lake watersheds, studying pollution areas, nitrogen, phosphorus and oxygen content at various levels and locations. These studies will continue during the coming year. Recently the L.R.P.C., together with the Clean Water Association, spearheaded a very impressive opposition to the attempt of the state Water Supply & Pollution Control Commission to lower their standards to permit the base of a septic tank - leaching field sewage system to be only 8 inches above high water table, instead of the former depth of 4 feet! Such a change could lead to the failure of the sewage system within a very few years, in many instances.

Of special interest to Holderness was the **recent** payment of \$1,550 by the Lakes Region Planning Commission to enable the town, together with other gifts, to have Holderness's remaining 11,000+ acres of land, soil mapped. This project has just been completed & final maps and interpretive data has been delivered to the Holderness Planning Board and Conservation Commission respectively. This gift of \$1,550 alone was considerable **more** than the fee for Holderness' membership in the L.R.P.C. This membership fee for 1975 will be \$1,050, twenty dollars less than last year.

The 1973 Planning Board report made reference to the formulation of a map of Holderness Flood Plain along the banks of the Pemigewasset River, and in the River St. & Holderness Road areas, that had been requested by, and sent to HUD in Washington for their use in the Federal Flood Insurance Program. In the spring of 1974 informative Flood Insurance data and a number of duplicate maps was received from HUD, the maps delineating the extent of the flood plain in Holderness. These maps are to be used

if Holderness should participate in the Flood Insurance Program. The Planning Board Chairman attended three of the four meetings held in several of the surrounding towns during the past several months where the Federal Flood Insurance Program was discussed by Federal and State officials. A brief mention will now be made of several of the items that were stressed at these meetings for the enlightenment of the Holderness Taxpayer, for they will soon be called upon to consider and vote on this Flood Insurance Program.

The cost of "flood disaster" in the U.S. this past year was in excess of 6 billion dollars. This expense has been rising from year to year due to the fact that more and more building was occurring in flood plain areas. One purpose of the, Flood Insurance Program is to curtail some of this building, and/or type of building construction. Only buildings and structures within the flood plain are involved in the Federal Flood Insurance Program. Roads, bridges, pumping stations, etc. in or outside of the flood plain are not involved.

In the event that a **town** does not participate in this Flood Insurance Program no building or mortgage loans will be available to anyone in the Flood Plain area from any V.A., F.H.A. or other loan programs, or F.D.I.C. banks (which is just about all banking & loan institutions) nor will flood disaster funds be forthcoming in the event of future flood damage. Under this Federal Flood Insurance Program, those who wish may purchase flood insurance at very low rates for building & contents, at about 10%, with the government paying 90% (of the premium). Flood insurance, other than from the Federal Flood Insurance Program is obtainable only through Lloyds of London, at almost prohibitive rates.

This flood insurance is much like fire insurance, causing those living or owning property in the flood prone area to contribute something toward the benefits that they may later receive, if flooded. In exchange for these benefits there must be certain restrictions on structures and/or the type of structures built in the flood plain area. The town as a whole should be concerned because if **someone** in the flood plain area **would like to purchase flood insurance** through this program, but **cannot** because the town has not voted to participate in the program, and there is a flood, and damage is received, that person has ample grounds for legal action against the town. The "cut off date" for participation is June 30, 1975.

This flood insurance program is not a local or state affair, it is strictly federal.

Controlling and guiding growth in any community is everyones business. The Holderness Planning Board needs the support of everyone. This period of inflation could mean the "unloading" of land, both larger & smaller parcels, and the purchase of these areas by a developer whose main thought is to make a "fast dollar". Alertness and protective measures are needed now more than ever before.

### TOWN HALL BUILDING COMMITTEE REPORT

Pursuant to the Article passed at the March 5th, 1974 Town Meeting, the sum of \$40,000 was appropriated for the excavation and construction of basement offices beneath the old Town Hall, and the Selectmen were directed to appoint a five person building committee within 10 days following this Town Meeting. In Compliance with this article the following committee was appointed: Frederick Brown, Arnold Graton, Harold Hanaford, Olive Staples & Hollis Willoughby.

The Committee met weekly to discuss the various elements that would need consideration, such as the fireproof vault, size & location of offices for the Selectmen, Town Clerk & Tax Collector, & Police Dept., where to drill the well, the placement of the septic system, among other items. In collaboration with the architect, Paul Hedstrom, various sketches were considered, The finalized plan was presented to the Townspeople at Public Hearings on April 23rd & May 16th.

In compliance with State Law, the contract for the alterations that would construct these basement offices was put out for bid, and the bidders for the contract appeared at a meeting with the Selectmen and the Building Committee at the Selectmen's Office in the Holderness Central School on June 16th, 1974.

Of course all of this planning had to be done without really knowing what would be found, once real excavation for the foundation was commenced. We all prayed real hard that the Town Hall was sitting on a gravel drumlin, and not on a granite ledge! Fortunately lots of lovely gravel was excavated, and no real problem was encountered during this phase of the operation. However, there was considerable delay in removing the old vault, which apparently had been constructed to outlast posterity, or to serve as a bomb shelter. The jackhammer was heard by all for days while they were trying to loosen it's hold on the Town Hall.

Work proceeded thru the remaining summer months into fall, and Mr. Graton completed his part of the contract in early December. However there was considerable "finishing up" to be done before the offices could be moved into.

Paint brushes needed volunteers to move them, shelves needed to be constructed and such. It was real community teamwork on the part of the Selectmen: Charles Currier, Steve Harrison, John Putnam, & Town Clerk Trudy Elsner, joined by Bea & Bert Flint, Don Goodridge, Bob Keeney, Dick Miller, Norman Peoples & former Selectman

Malcolm Taylor Sr. With all working together, it was possible to have the offices sufficiently complete, so that on December 31st, Lyle Thompson and Cy Winton moved the Town Clerk, plus her boxes of books, records & all into the new Town Offices. The Town is most grateful to former Town Clerk, Corrinne Cripps for the loan of files and other equipment, until such time as we can provide "our own". (soon we hope)

If you should "just happen" to have an extra file cabinet or bookcase tucked away in your attic or barn, do contact Trudy Elsner, she might just happen to be able to use it.

We also want to thank the Permanent Town Hall Committee, composed of Trapper Brown, Lyle Thompson & Paul Needham for making available a part of their funds to aid in the restoration.

The Committee feels that the sum appropriated has been wisely spent, and the most necessary phase of the proposed plan has been completed. This provides offices for the Selectmen, Town Clerk & Tax Collector, Police Chief, the Town Vault, vestibule & lavatories, and brings the project to near completion.

The Committee believe that the citizens of Holderness can be justly proud that at long last our Town Officials have appropriate and suitable accommodations.

Olive Staples, Secretary

Frederick Brown  
Arnold Graton  
Harold Hanaford

Hollis Willoughby, Chairman

### THIRD ANNUAL REPORT OF THE HOLDERNESS HEALTH OFFICER

There have been 46 Permits issued this past year for the proper handling of waste matter. There have been 337 separate responses made either to complaints or for the inspection of properties relating to possible health hazards.

There have been 43 tests conducted relating to drinking water, and 47 tests of other type/samples in Cotton Cove, Livermore Beach, and several of the larger brooks within the community.

During this past Fall it was hoped that action would be taken regarding some of the tests that were done, however, the test results were too late in being returned.

For the past three years the Health Officer, the Selectmen, and the New Hampshire Water Supply and Pollution Control Commission have been working with the residents in the River Street area to develop a Sewerage District to meet their needs, and it now seems that they are about ready to begin construction.

#### RECOMMENDATIONS:

Continue to support the present Septic Tank Ordinance.

Attempt to work out a better method of water testing so that results will be known immediately.

This Report completes a three year appointment and may I sincerely thank the citizens of Holderness, the Board of Selectmen, and the Squam Lakes Association for the support of this program.

Charles Currier  
Health Officer

## **PEMI-BAKER HOME HEALTH AGENCY, INC.**

### **ANNUAL REPORT TO THE TOWN OF HOLDERNESS**

The Pemi-Baker Home Health Agency, Inc. is a non-profit organization, (Inc. 7/17/67), supported in part by an annual appropriation in the budget of each member town. The Board of Directors is made up of an appointed member from each town; ministerial representative; nurses and a physician. Its purpose is to provide part-time nursing service in the home, under the supervision of a licensed physician. A Medical Advisory Committee determines and approves medical policies for nursing care and interprets the Agency's services to the public.

There is a standard fee covering each visit. Patients are expected to pay this fee if they are able to. However, under certain conditions fees can be adjusted to reflect the financial ability of the patient, by the Agency Nurse.

The scope of care of the Agency ranges from new-borns to the elderly. The Agency is equipped to handle Medicare; Blue Cross/Blue Shield '65'; Medicaid and private patients.

The Nurses work on a salary basis and all fees are turned over to the Agency. They are on duty Monday-Friday from eight to four. There are two full-time RN's; one part-time RN; and two Homemaker/Home Health Aides.

The office is staffed by a part-time secretary/bookkeeper. She is available Monday-Friday to answer any calls. The telephone number is 536-2232. For your convenience, when there is no one in the office, the Agency has installed a Codaphone to receive any messages.

Anyone living in one of the eleven member towns may ask for a visit from the Nurse. However, treatment and continuing care can be provided for a patient only under doctor's orders.

Under the supervision of the Agency Nurse, a Homemaker/Home Health Aide service is now available through this Agency. This service is a community-wide program designed to place a trained, responsible worker in the home where illness, disability or other problems may threaten normal family living. Please feel free to ask about this additional service.

It has been the Agency's pleasure to serve your community.

Respectfully submitted,  
ELEANOR S. WOLF  
Town Representative

## HOLDERNESS PARK BOARD ANNUAL REPORT - 1974

The summer of 1974 was a banner year for the Holderness Town Beach. The season opened with a Clean-Up Day on June 23rd attended by many townspeople, young and old. The official opening was July 4th weekend, and a record 78 Beach tickets were sold at \$6.00/family for a total of \$468.00. Vivian Andrews was our very able and personable lifeguard, and in addition to her lifeguard duties, she conducted three weeks of swim classes for 64 Toddlers through Swimmers. Officer Bob Keeney obtained "Resuscitation Annie" for the classes to aid them in learning valuable lifesaving techniques.

Many additions and improvements were made to the Beach area: new covered trash barrels, signs for parking, regulations, and waterfront area, a new swing set and play equipment, and 700' of fencing. Stain was donated by Walter Hill of Ashland Lumber Co. for restraining of picnic tables, Dot Farmar mowed the field to provide an additional parking area for 1975, the Pemi-Baker Chapter of the Red Cross donated new float lines, Lyle Thompson added and leveled sand in the parking area and low swampy spots, and Trapper Brown Corp. matched funds raised by a bake sale to purchase the swing set. The fencing was erected in the fall by Pike Industries at a cost of \$900.00. It is hoped that fencing of the entire Beach property can be completed in the near future, pending settlement of a boundary dispute with a neighboring property owner.

Very special warm thanks to Paul Needham for installing a new pump, and for all the time and effort he has volunteered every year to the Beach.

1974 was climaxed by the generous donation of a check for \$496.25 from Frank Webster on behalf of the Squam Lakes Conservation Society. The Park Board has earmarked this money for future Beach improvements such as new float and lifeguard stand and additional play equipment. We are most grateful to the Squam Lakes Conservation Society and hope that with these improvements our Beach will become an increasingly enjoyable summer gathering place for all the residents of Holderness.

Respectfully submitted,  
Gale Melanson Chairman  
Phyllis Brown Treasurer  
Nance Ruhm Secretary

DIVISION OF MUNICIPAL  
ACCOUNTING  
FREDERICK E. LAPLANTE  
DIRECTOR

February 10, 1975

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen  
Holderness, New Hampshire 03245

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Holderness for the fiscal year ended December 31, 1974, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of these audit reports must be given to the Town Clerk to be retained as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Free Library, Fire Department, Conservation Commission and Trustees of Trust Funds.

FINANCIAL STATEMENTS

General Fund:

Comparative Balance Sheets - December 31, 1973 and December 31, 1974:  
(Exhibit A-1)

Comparative Balance Sheets which disclose the financial condition of the General Fund, as of December 31, 1973 and December 31, 1974, are presented in Exhibit A-1. As indicated therein, the Current Surplus increased by \$16,506, from \$28,650 to \$45,156 during 1974.

Analysis of Change in Current Financial Condition: (Exhibit A-2)

An analysis of the change in current financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Increase in Current Surplus:

Net Budget Surplus (Exhibit A-4)	\$30,506
----------------------------------	----------

Decrease In Current Surplus:

Surplus Used to Reduce Tax Rate	<u>14,000</u>
---------------------------------	---------------

<u>Net Increase in Current Surplus</u>	<u>\$16,506</u>
--	-----------------

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of General Fund appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1974 are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), a revenue surplus of \$28,725, plus a net unexpended balance of appropriations of \$1,781, resulted in a net budget surplus of \$30,506.

Long-Term Indebtedness:Comparative Balance Sheets - December 31, 1973 and December 31, 1974: (Exhibit A-5)

Comparative Balance Sheets showing the outstanding long-term indebtedness of the Town as of December 31, 1973 and December 31, 1974 are presented in Exhibit A-5. As stated therein, the long-term debt increased from \$54,500 to \$76,700 in 1974. Matured long-term notes of \$8,800 were paid and long-term notes of \$31,000, authorized by the 1974 Town Meeting, were issued during the year. A statement showing annual debt service requirements (principal and interest) is contained in Exhibit A-6.

TREASURERGeneral Fund:Classified Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1974, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1

REVENUE SHARING FUNDStatement of Revenue, Expenditures, Encumbrances and Fund Balance:  
(Exhibit E)

The fiscal activity in the Revenue Sharing Fund account during the year is disclosed in Exhibit E. As shown therein, available funds at January 1, 1974 totaled \$3,500. During the year, entitlement payments in the amount of \$21,540 were either paid or allocated to the Town and interest of \$706 was realized in investment of idle funds. In accordance with the vote of the Town, \$16,000 was expended toward the acquisition of highway equipment. The unappropriated balance of the fund at December 31, 1974 was \$9,746.

AUDIT PROCEDURE

The accounts and records of all Town officials charged with the custody, receipts and disbursements of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. The amount of uncollected and unredeemed taxes as stated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

In the audit reports submitted to your Board for the past several years, we have commented on and offered recommendations concerning proper bookkeeping procedures to be followed by Town officials. During the course of our examinations, we regularly test whether such prescribed procedures are being carried out. The various bookkeeping procedures recommended by this Division constitute a system of internal control for the safeguarding of the Town's resources. Reliance for adequate internal control should not be made wholly upon our function of examination and audit. The duties and responsibilities of governing officials constitute a most important part of this system of internal control. Those officials in positions of governing authority must therefore establish and maintain sound business policies and practices and assume the responsibility for their proper execution.

During the course of the current examination, the following significant matters came to our attention:

1. The Town has executed a surety agreement with a developer, whereby the developer is to deposit one-thousand dollars (\$1,000) from the proceeds of the sale of each subdivision lot into a savings account established for this purpose by the Town's Counsel. The agreement further specifies that the developer shall submit his expenses for the construction of work within the development, to the Town Counsel for reimbursement from said escrow account.

In our opinion, the Town Treasurer, rather than the Town Counsel should have custody of the escrow account to comply with the provisions of R.S.A. Chapter 41, Section 29, which is quoted in part herewith:

Duties: "The town treasurer shall have custody of all moneys belonging to the Town and shall pay out the same only upon orders of the selectmen."

2. In our audit report covering the fiscal year ended December 31, 1971, we were critical of the way the Selectmen's cash payment journal was being maintained. Our review of this record in 1974, disclosed that total classified expenditures therein did not agree with the Treasurer's total 1974 expenditures, by the sum of \$15,393.58. Obviously, reports prepared for the Selectmen during the year, comparing appropriations and expenditures were inaccurate. In addition, in order to locate and correct the discrepancy noted, it was necessary for the auditors to expend a considerable amount of time. This resulted in an increased expense to the Town in connection with this examination. We again recommend that the Cash Payment Journal, maintained by the Selectmen's bookkeeper be reconciled to the Treasurer's records on a monthly basis; and, that any discrepancies between these records be traced and corrected promptly.
3. In examining vouchers paid during the year, we noted several instances wherein expenditures were made without proper substantiation. The Selectmen should adopt a policy of not authorizing disbursements whenever accurate and complete documentation of expenditures is lacking. Proper documentation should take the form of receiving slips, vendors invoices, etc. We also strongly recommend that to assure proper safeguards, no town documents or records be removed from the Selectmen's office at any time.
4. Our review of the Tax Collector's records revealed that the 1974 property tax warrant was understated by \$4,116.49, as indicated herewith:

Actual Amount of Property Tax List	\$454,325.46
Stated Amount of Tax Warrant	<u>450,208.97</u>
Understatement of Tax Warrant	<u>\$ 4,116.49</u>

Additionally, supplemental warrants for added property and resident taxes, levied during the year, were not given to the Tax Collector. This constitutes a violation of the applicable statute.

It is essential for the purposes of internal control that warrants be given to the Tax Collector for the collection of all taxes levied by the Selectmen. It is equally essential that the accuracy of all tax warrants be ascertained before the commitment thereof to the Tax Collector.

5. It has been the policy of the Town to allow the Fire Department to expend its annual appropriations from a separate checking account under the custody of the department's treasurer. We are of the opinion that this policy is in violation of the provisions of R.S.A., Chapter 41, Section 29. We mentioned this statute earlier in this report. Consequently, we recommend that all Fire Department monies belonging to the Town be returned to the custody of the Town Treasurer in accordance with the aforesaid statute.
6. As indicated in the General Fund Comparative Balance Sheets (Exhibit A-1), the sum of \$15,101 is due to the Holderness School District at December 31, 1974, on account of the 1972-73 school tax. In this regard, it should be noted that the annual school district tax is a mandatory assessment against the Town for which property taxes must be raised statutorily. All such taxes must be remitted in full to the School District before the end of its fiscal year. Excess revenues received by the School District in a given fiscal year are returned to the Town in the form of lower school tax assessments in subsequent fiscal years. Neither the School Board nor the Board of Selectmen have the statutory authority to amend the amount of the school tax after the approval thereof by the appropriate State agency - formerly the State Tax Commission, now the Department of Revenue Administration.
7. Article 6 of the 1973 Town Meeting raised and established a Capital Reserve Fund in the amount of \$25,000 for the purpose of constructing, equipping and furnishing a new Town Office Building. In 1974, the Town voted to expend \$9,000 from the Capital Reserve Fund towards the cost of renovating the old Town Hall; thus leaving a balance of \$16,000 (excluding interest) in the fund. During the course of our examination, it was noted that the Treasurer still retained custody of this fund as part of the Revenue Sharing Funds. In accordance with the provisions of R.S.A. Chapter 35, Section 10, the Treasurer, upon our recommendation, has transferred the unexpended portion of this appropriation (\$16,000) and interest accrued therein (\$1,367) to the Town Trustees of Trust Funds on January 27, 1975.

Town of Holderness

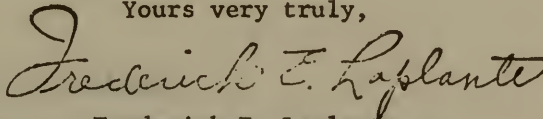

February 10, 1975

Conclusion:

The provisions of Chapter 71-a, Section 21, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Holderness for their assistance during the course of the audit.

Yours very truly,

A handwritten signature in cursive script, reading "Frederick E. Laplante".

TOWN OF HOLDERNESS

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Holderness for the fiscal year ended December 31, 1974.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Holderness at December 31, 1974, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

## HOLDERNESS SCHOOL DISTRICT MEETING

March 9, 1974

---

The meeting of the Holderness School District was called to order at 7:30 by Mr. Laurence H. Roberts, moderator.

Mr. Brown moved and Mr. Barlow seconded

**Article I** - I move that we accept the salaries of the School Board, Truant Officer, and fix the compensation of any other officers or agents of the district.

The vote was in the affirmative.

Mr. Hayes moved and Mr. Wentzell seconded

**Article II** - I move that we hear the reports of agents, auditors, committees, or officers chosen, and pass any vote relating thereto.

Mr. Brown amended and Mrs. Biddle seconded that we accept the reports...

The amendment passed, and the motion passed.

Mr. Webster moved and Mr. Taylor seconded

**Article III** - I move that the District appoint any agents, auditors and committees in relation to any subject embraced in this warrant.

The vote was in the affirmative.

Mr. Barlow moved and Mr. Brown seconded

**Article IV** - I move that the District raise and appropriate the sum of \$364,052 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from State Foundation Aid, Sweepstakes, together with other income and School Building Aid, the School Board to certify to the Selectmen the balance between estimated revenue and the appropriation, which balance is to be raised by town taxes.

The \$250.00 difference between the motion and the School Board's request is the contingency fund to be taken up in Article VI. Mr. Beij amended and Mr. Putnam seconded the motion to read \$353,097. This amendment accepts the Budget Committee's recommendation. The \$11,305 increase in the teachers' salaries category by the School Board is to cover an increase for the teachers, plus an additional teachers' aide and a speech therapist for one day each week. There are 16 children who would benefit from such a program. Mrs. Flint asked how our children are doing in high school. Mr. Wentzell, a member of the Plymouth High School Faculty, said they are doing well, that the teachers try not to think of the students as coming from a particular town. The question was raised about the formulation of the budget. Mr. Eames begins the long process of putting together the figures; the budget goes through much screening and paring down; the final budget is made after the money has been voted at the school meeting in order of priorities, the teachers' salaries having highest priority. This year their increase is 7-8% in salaries, with the remainder for Blue Cross/Blue Shield, allowing \$400 per teacher. Mr. Brown stated that the School Board tries to get the best value from each dollar; we must pay teachers in line with what they could earn in other towns - we are lower than Plymouth, Laconia, Meredith, same as Campton, higher than Rumney. The School Board does turn back money to the town each year. The amendment, \$353,097, was passed. Mrs. Staples amended the amendment, and Mr. Brown seconded, to read \$358,652. The increase of \$5,555 is to be for a speech therapist and classroom aide. The amendment passed. The problem of bus transportation on Rt. 113 and East Holderness Road was brought up. Mrs. Gehling moved that we add \$5,000 to the budget for transportation for outlying districts. Mrs. Stillings seconded. Mr. Hunt was asked for his opinion and said the problem could be taken care of by feeder lines. The motion did not pass. The motion as \$358,652 was passed in the affirmative.

Mrs. Staples moved and Mr. Taylor seconded

**Article V** - I move that the District vote to authorize the School Board to make application for, to receive and spend in the name of the District such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local, or private agencies.

The vote was in the affirmative.

Mr. Carvelli moved and Mr. Dana seconded

**Article VI** - I move that the District establish a contingency fund to meet the costs of unanticipated expenses which may arise during the year in an amount not to exceed two hundred fifty dollars (\$250), all in accordance with RSA 198:4-b.

It is a law that this fund must be in the budget; it has never been used.

The vote was in the affirmative.

Mrs. Ayer moved and Dr. Staples seconded

**Article VII** - I move that the District vote to approve the action of the School Board in accepting and expending funds from the Federal government to pay for flood damage caused to school property during the period of June 26 to July 6, 1973.

The motion passed.

Mr. Wentzell moved and Mr. Carvelli seconded

**Article VIII** - I move that the District vote to indemnify and save harmless any officer or employee for loss or damage arising out of any claim, demand, suit or judgement, by reason of negligence, or other act resulting in accidental injury to a person or accidental damage to or destruction of property while said officer or said employee is acting in his official capacity or employment pursuant to the provisions of New Hampshire RSA 31:105.

This has already been passed by the State Legislature. The vote was in the affirmative.

The School Board will appoint a clerk to act until the next election in March, 1975. Mr. Brown was thanked for his seven years of service on the School Board. Mrs. Gehling asked to have a committee formed to study the transportation problem; she is willing to be on it.

Mr. Carvelli moved and Mr. Brown seconded that the meeting be adjourned. The motion was voted on in the affirmative.

Respectfully submitted,

ANN NOYES  
School District Clerk  
Holderness

### THE STATE OF NEW HAMPSHIRE

---

to the Inhabitants of the School District in the Town of Holderness, in the County of Grafton, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Holderness Central School in said District on the 8th day of March, 1975, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To hear the reports of Agents, Auditors, Committees or officers chosen and pass any vote relating thereto.

2. To choose the necessary School District Officers for the ensuing year and to determine their rate of pay.

3. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

4. To see if the District will establish a contingency fund to meet the costs of unanticipated expenses which may arise during the year in an amount not to exceed Two Hundred and Fifty Dollars (\$250.00), all in accordance with Revised Statutes Annotated 198:4-b.

5. To see if the District will vote to authorize the School Board to make application for, to receive and spend in the name of the District such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

6. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the District and to authorize the application against said appropriation of such sums as are estimated to be received from State Foundation Aid, School Building Aid, Sweepstakes together with other income the School Board to certify to the Selectmen the balance between Estimated Revenue and the appropriation, which balance is to be raised by taxes by the Town.

7. To transact such other business which may legally come before said meeting.

Given under our hands at said Holderness this 15th day of February, 1975.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

As a Superintendent, I am inspired by knowing that the improvement of an educational system is a matter of a concerted, continued effort by many people. The people of Holderness have determined an educational standard of high quality and fortunately, they have seen fit to fund the system. Your continued pursuit of excellence will be highly important in determining not only the course of education in Holderness, but also the very direction and extent of student preparedness in the years ahead.

The strength of all education, and ultimately the strength of our entire system, springs chiefly from the basic educational background provided in our elementary schools.

The proposed school budget for the 1975-1976 school year is a compromise between the needs of the school and the state of the economy. Although several services for students should be increased and some added, the economic climate has necessitated their exclusion. The Holderness school's educational progress is evidence of the impressive results that can be achieved through your support. We respectfully request your support of the budget.

Respectfully submitted,

KENNETH SMITH  
Superintendent of Schools

**EXPLANATION OF SUPERINTENDENT'S AND  
ASSISTANT SUPERINTENDENT'S SALARY FOR 1973-1974**

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the Superintendent of Schools as per the following quotation: "Reports. Each superintendent of a supervisory union shall annually prepare a report of the total salary paid to the superintendent, showing in detail the amount paid by the state and each local school district, and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrators, if any is in service in the union."

One-half of the supervisory union expenses is prorated among the several school districts of the union on the basis of adjusted valuations. One-half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$16,500 which was received by the Superintendent of Schools of Supervisory Union #48 during 1973-1974 was made up as follows: \$2,500 paid by the State of New Hampshire and \$14,000 was prorated among the school districts comprising the Supervisory Union. Allowance for \$800 travel within the Union was also prorated as stated above.

The salary of the Assistant Superintendent during 1973-1974 was made up as follows: \$2,400 paid by the State of New Hampshire and \$11,600 was prorated as stated above. Allowance for \$1,200 travel within the Union was also prorated as stated above. The table below shows the portion of salary and travel charged to each school district:

District	Adjusted Percent	Supt's. Salary	Supt's. Travel	Asst. Supt's. Salary	Asst. Supt's. Travel
Campton	14.83	\$ 2,076.20	\$ 118.64	\$ 1,720.28	\$ 177.96
Holderness	17.51	2,451.40	140.08	2,031.16	210.12
Plymouth	41.23	5,772.20	329.84	4,782.68	494.76
Rumney	9.97	1,395.80	79.76	1,156.52	119.64

Wentworth	4.34	607.60	34.72	503.44	52.08

KENNETH SMITH  
Superintendent of Schools

## HOLDERNESS CENTRAL SCHOOL

### ANNUAL REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, Parents, and Citizens of Holderness, I respectfully submit my annual report.

We have several new Faculty members this year. Mrs. Charity Gorrell has replaced Mrs. Ellen Tapply as our First Grade teacher. Mrs. Gorrell recently received her M Ed. degree in early childhood education from UNH. She has prior experience in Sanbornton. Mrs. Peggy Hendel is now teaching Second Grade, having been hired after the "retirement" of Mrs. Judi Landry. Mrs. Hendel has earned her M Ed. degree from PSC and has previous teaching experience in Meredith. Mr. Tim Peters has replaced Mr. Bob McCadem as our Industrial Arts specialist. Mr. Peters has some teaching experience in New York and earned his B Ed. degree from Oswego College. Mr. Greg Steinsieck is teaching Art this year. His M Ed. was also earned at PSC. Mrs. Mary Gualdoni has replaced Dr. Walter Smith as our Music specialist. She has done graduate work in Illinois and Plymouth and holds a M Ed. degree. A new addition to our program this year is Speech Therapy, and we have been very fortunate in securing the services of one of the very few specialists available in our immediate area. Mrs. Barbara Goodnough has worked in clinics and public schools from New Hampshire to Alaska. Her wealth of experience has helped her to assist several youngsters with minor speech pattern difficulties.

Returning staff members include Mrs. Patricia Heinz, Miss Linda Morse, Mrs. Sally Webb, Mrs. Sandell Morse, Mr. Larry DiCenzo, Mrs. Nancy Hogan, Miss Marilyn Barden, Mrs. Arline Bownes, Mrs. Mary Richards, Mr. Larry Lord, and Mrs. Mary Smith.

Our support personnel make a significant difference in the degree of efficiency with which our School operates. They include Mrs. Fran Currier, our very capable teacher aide, and Mrs. Deborah Underwood, our efficient classroom aide. Mrs. Pat Giroux is our very competent School secretary. Mr. Richard McCormack is our tireless head custodian and he is ably assisted by Mr. Arthur Comeau. Mrs. Rose Carvelli is our Hot Lunch Manager and she is assisted by Mrs. Marjorie Hayes and Mrs. Norma Pike. It is indeed worth noting that because of their efficiency and frugality we are still able, even in this difficult period of high inflation, to offer high quality nutritious meals at a very reasonable cost.

Several people in the Community are serving as volunteer aides, and we certainly want to express the appreciation of the entire school for their "lending a hand" where needed. These individuals are: Mrs. Diane Boynton in Kindergarten, Mrs. Nancy Ruhm in the Library, Mrs. Barbara Cirincione, Mrs. Pat Giroux, Mrs. Arline Woodbridge, and Mrs. Pat Farley in our Learning Disabilities Program, Mrs. Ki Clough in our Fourth Grade, and Mrs. Harriet Ireland in our Language Arts Program.

A very significant addition to our general program this year has been Speech Therapy. Several children, who have a variety of minor difficulties associated with the correct pronunciation of letter sounds and syllables, are receiving regular therapy from Mrs. Goodnough. We are very fortunate to be able to offer this important service.

As part of our continued effort to provide children with sequential programming, which will provide for continuous progress, our Language Arts Curriculum Committee

recently completed its Language Arts Curriculum Guide. This booklet will serve as a guide for teachers as they plan and implement their programs. It clearly lists the skills that we expect most children to be able to demonstrate at the end of each of their years in School, in the areas of writing, capitalization, punctuation, grammar, and usage, speaking and listening.

The Friends of Holderness Central School is our School - Community organization that has replaced the PTA. This group has been very active in the last year and has organized a number of events that have provided students, teachers, and parents with the opportunity to see and meet each other while enjoying a meal, a softball game, etc. The Organization has also sponsored Book Fairs which have provided a vehicle by which good literature is being circulated in the Community.

Holderness is very fortunate to have the highly competent and dedicated staff that it has teaching our leaders of tomorrow. Their tireless efforts have contributed significantly in developing a School that every resident can be justifiably proud of. However, we all recognize, too, that our Community has made it possible for us to develop what we have because of its willingness to provide the materials, equipment, and other basic resources needed. Without these "raw materials" our efforts would have been severely hampered. We thank all of you for the commitment you have made to education in Holderness and hope that in this period of economic difficulty for all we will still be able to **maintain** what we have labored so hard to develop. Our town, and indeed the Nation as a whole, cannot allow our potential producers and problem solvers of tomorrow to be inadequately educated. For if they are, we will pay at both ends: Our National production will go down while our National expenses will go up.
